

THE FOREST POST

Edition 6 - September 2020

COVID 19 Response : Phase II

In Phase II for COVID RESPONSE, Samanta Foundation has been primarily focused on Sanitary and Menstrual Health for women.

We were engaged with:

1. Organising women in small groups for sessions on menstrual health,
2. Distribution of reusable sanitary pads to Van Gujjar and Taungya women,
3. Conduct trainings on stitching and sewing cloth pads at home,
4. Conduct Trainings to sew and stitch masks for family.

Where Human Networks Work; Digital Dont

"भैया जंगल में हमारे पूर्वज 100 साल से रह रहे हैं, हम तो यहाँ की हर आवाज़, जानवर, पेड़ से वाकिफ़ है।"

As we carry on our work in Education with the motto of 'Education access for All, leading to holistic development of Communities' in the forest areas, the above lines from Van Gujjars and Taungyas are often shared with us. They highlight the human connect and message flow from one corner of the forest to the other.

Education Leads To Community Kitchen Garden

As part of our work during the COVID times we initiated sessions and sharing of material with the community to be self independent in the area of vegetables. As part of our efforts to curb the fall in incomes which had led to lack of nutritious consumption of food by the children and families we initiated the idea of setting up KITCHEN GARDENS at the household level.
