

# THE FOREST POST

Edition XIV - December 2021

## Cover Story: Impact Reporting 2021

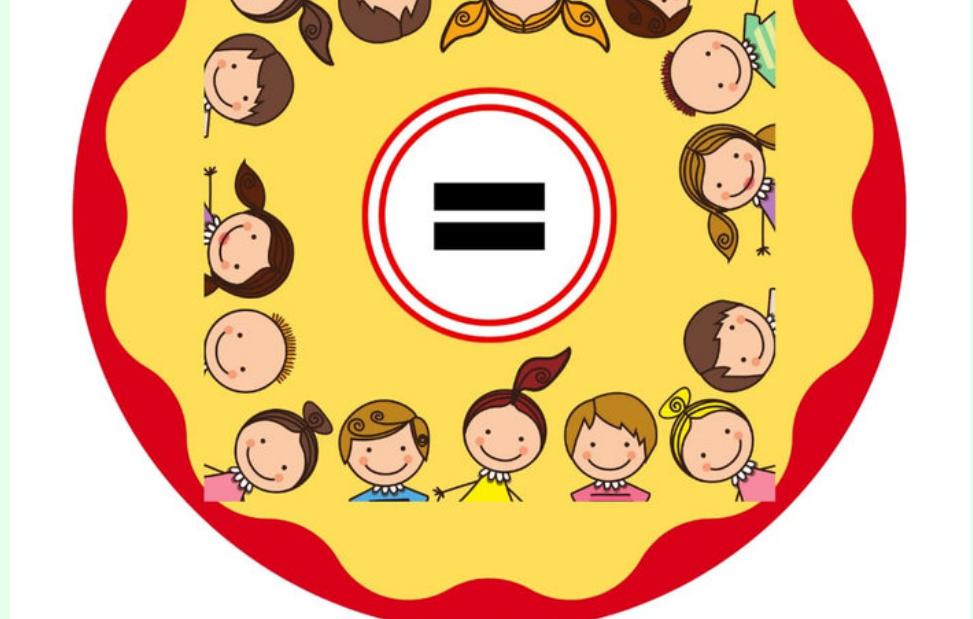

2021 has been an year of Impact. The numbers mentioned in this story tell the story of the resilience and perseverance of the community members. Their will to stand up to the challenges thrown by Pandemic has set up an example for others to follow. Team Samanta helped people from community express themselves, overcome those challenges and enabled them achieve what they set out to do.

## Cultural Catalog Series I - Stories from Amaltaas

Amaltaas is the name of a tree found in the lower Shivaliks of the Himalayas. The women relate their lives with the local ecosystem. A group of women named it as - Amaltaas. The women come together on a fortnightly basis beneath the Amaltaas tree to - speak, share and express!
